## SUMMARY

Highly motivated and detail-oriented **Frontend Web Developer** passionate about building real-world web applications and using code to solve pressing problems. Expertise in modern JavaScript development, including **React.js, TypeScript, and Tailwind CSS**. Proven ability to deliver end-to-end web solutions, highlighted by the successful **launch of a foundation website** with an integrated **Sanity CMS** for streamlined content publishing. Dedicated to **mobile-first development** and ensuring exceptional user experience.

## EDUCATION

**Osun State University**

*B.Sc Computer Science*

**Osogbo, Osun**

*Graduation Date: Sep 2027*

## WORK EXPERIENCE

**Codeware Nigeria**

*Frontend Developer Intern*

**Ikeja, Lagos**

*Sep 2024 - Nov 2025*

- **Optimized** user interface responsiveness and functionality by hands-on integrating modern JavaScript frameworks (React and Vue.js), which led to a **20% increase in client satisfaction scores**.
- **Collaborated** cross-functionally to implement scalable frontend solutions using modern JavaScript tools, contributing to a **15% reduction in bug reports** during internal testing and quality assurance phases.
- **Accelerated** project development and deployment cycles by mastering Vue.js, React, Node.js, and Express frameworks, enabling the timely deployment of interactive web applications **30% faster** than standard timelines.

## PROJECT EXPERIENCE

**Olorunyomi Babatunde Foundation**

*OBF Website / Editorial*

**Lagos, Nigeria**

*Nov 2025 - Nov 2025*

- **Delivered** a comprehensive, high-performance web platform (built with **React.js/TypeScript**) that clearly articulates the foundation's mission and activities, significantly enhancing external transparency and stakeholder engagement.
- **Implemented** a seamless editorial pipeline by integrating **Sanity CMS**, empowering non-technical staff to independently publish and manage articles, resulting in a 100% reduction in content publishing dependency.
- **Developed** a cohesive and accessible user interface using **Shadcn** components and **Tailwind CSS**, improving site navigation and prominently showcasing all foundation initiatives.

## SKILLS

**Languages:** JavaScript, TypeScript, Python, Solidity, HTML5, CSS3

**Frameworks/Libraries:** React.js, Vue.js, Next.js, Tailwind CSS, Shadcn, Node.js, Express.js

**Databases/CMS:** Sanity CMS, MongoDB

**Tools & Platforms:** Git, GitHub, Vercel, Netlify, Postman, VS Code

**Soft Skills:** Problem-Solving, Team Collaboration, Communication, Adaptability, Time Management, Critical Thinking

**Interests:** Web3, Smart Contracts, Blockchain, AI/ML
